

Mad Science

After School Program

Select day of week: **M, Tu, W, Th or F**

Starting the week of: **Sept. 14th, 2020**

Time slot:

3:00pm - 4:00pm

Grades: 1 – 6 \$155 per child

Energy, Forces and Flight

Join Mad Science and learn fundamentals of science as you experiment with a variety of experiments! Explore the mystery of chemistry as you mix and swirl chemicals to create bubbling reactions. Experiment with inertia and many other fantastic forces and tour the electron freeway as you examine current and static electricity.

** Projects may vary based on program duration.*
